

## Customer Feedback 2006

### 26 June 2006

Would you please pass on to your staff and workers my grateful thanks for the excellent work they did last week in insulating my home. My house is noticeably warmer and cosier, and I am so thankful to have it done at such a reasonable cost. I will continue to pass on a good word to others about your service to the community.

**Sincerely**

### 13 June 2006

Some two weeks ago your men came and installed ceiling and underfloor insulation in our house. I waited until we had a real cold spell to test it out.

The result is quite remarkable. Much warmer, and also easier to heat up than before.

For us older people this is a great improvement.

The way your tradesmen went about this work was very impressive. Respect, cleanliness etc has made this whole undertaking a very pleasant experience for us.

**Thank you**

### 9 May 2006

To whom this my concern

Re insulation work carried out by your 3 staff, 9 May 2006.

We wish to relate the standard of workmanship was fantastic.

Team work (no time wasted); tidiness; politeness; removal of overalls at lunch breaks etc was quite obvious they were here to do the job and get on with same.

Great team work guys.

**Truly appreciated**
